Be Safe. Be Responsible. Be Respectful. Together we make a difference.

Campus doors open at 7:30am. Due to safety concerns, please do not drop your child off earlier than this time unless they have morning practice. Students report to the cafeteria unless they have 1st period Athletics or they may attend tutorials. Our first class begins at 7:55am.

The last bell rings at 3:35pm. Due to safety concerns, please pick your child up as soon as their after school commitment is completed. We have tutorials before and after school.

Mornings: buses drop off in the back of the building. Cars drop off in the front of the building. Do NOT drop off your child in front of the field house after early practice begins.

Afternoons: buses pick up in front of the building. Cars pick up in the back of the building. For safety reasons, the parking lot across from the school is NO longer an option for car riders.

First period athletes may purchase breakfast after the athletic period is over.

Any item dropped off for your child will be left in the front office. Students will receive a note to come pick it up between classes. We want our students to be more independent and responsible as they become young adults, so please use this option sparingly.

Cell phones are turned off when students head to class at 7:55am. They can be turned back on at 3:35pm. If they are being used in class without permission, they will be collected for parents to pick up after school.

Every student is provided with a student planner. Please encourage them to write down their assignments, project due dates, tests, etc. Work with your child to encourage them to check their teacher's websites for calendars, copies of assignments, notes, etc. They must have their planner with them to use the hall passes in the back to leave class.

Our 3 week progress reports are emailed home and report cards are posted in the grading section of Skyward Family Access. This is an important communication tool we use regularly, please be sure to check it frequently.

We have tutorials before and after school. We also have Intervention time built into our schedule for teachers to work with their students.

Each student is issued a locker to store their personal items and books. We encourage them to use a lock to keep their items secure. Students have a four minute passing period between classes.

Don't hesitate to call if you have any questions! Our main campus number is (512) 379-3300.
